

CALLIOPE Open Event

Cross-border eHealth Services in Europe: Putting Interoperability into Practice

22 October 2009, 13:00 - 17:30 h

EESC (Jacques Delors Building), Rue Belliard 99, Brussels, Belgium

This event is a public opportunity to observe achievements and progress in the establishment of cross-border access to patient and medication summaries as foreseen in national and international projects including epSOS and other EU funded large scale pilots. The focus will be on the patient summary, medication summary and eprescription use cases across national borders. In addition, the audience will learn about recent EU Commission and Member States eHealth interoperability initiatives and cross-border eHealth projects with political impact.

Based on first hand information the audience will be able to contribute to the next steps of the debate on European challenges that are addressed by CALLIOPE, epSOS, HProCard, STORK and other projects.

13:00 - 14:00 *Informal opening with buffet lunch*

14:00 **Welcome and Introduction by the Session Chair**
Zoi Kolitsi, CALLIOPE Co-ordinator, Greece

14:05 **Overview on the CALLIOPE Network - Perspective of a National Competency Centre**
Jacob Hygen, Senior Advisor, KITH, Norway

14:20 **Value of cross-border services for a Member State - The Swedish perspective**
Mats Larson, caritea AB, Sweden

14:40 **Principles and use cases for cross-border eHealth: Patient Summaries and eMedication**
Gerhard Brenner, gematik, Germany

15:00 **Interoperability of health professional authentication in Europe**
Mariane Cimino, HProCard, GIP CPS, France

15:20 - 15:45 **Discussion**

15:45 - 16:15 *Coffee Break*

16:15 **Organisational and regulatory challenges of epSOS services**
Fredrik Linden, epSOS Co-ordinator, SALAR, Sweden

16:40 **Facilitating the dialogue between EU projects on interoperability implementation:**
Stephan Schug, Marc Lange, CALLIOPE Networking Activities Management, EHTEL, Brussels

17:05 - 17:30 **Discussion**

Connected health and cross-border health services are high priorities on the European agendas. CALLIOPE is a unique platform for eHealth interoperability, jointly supported by more than 20 Health Authorities and 13 stakeholder organisations representing physicians, community pharmacists, patients, industry and health insurers. CALLIOPE will propose a European roadmap for eHealth interoperability, review and advance the EC interoperability recommendation, and add value to eHealth standardisation initiatives.

For **complimentary registration** to the event, please visit <https://www.regonline.co.uk?eventID=756126&rTypeID=167580>

For registration to the EHTEL symposium on 21-22 October (learn more at www.ehtel.org/symposium), (registration includes CALLIOPE event) please visit <https://www.regonline.co.uk?eventID=756126>
